■ Professional Summary

Strategic Telecom and Automation Leader with over 17 years of experience in designing, deploying, and optimizing multi-generation mobile networks (2G/3G/4G/5G). Proven expertise in automation, process optimization, and performance governance, connecting business strategy with daily operations to achieve measurable results. Skilled in Power Automate, RPA, VBA, AWS Cloud, Power BI, and KPI analytics, with a strong record of driving workforce efficiency, leading cross-functional teams, and developing high-performing talent. Certified in Scrum, PRINCE2, ITIL, and AWS with a focus on ethical leadership, collaboration, and operational excellence.

■ Leadership Highlights

- Connected business strategy with daily operations, ensuring alignment of team goals to organizational objectives.
- Drove performance management, SLA governance, and KPI ownership across multi-region delivery units.
- Led workforce planning, capacity management, and recruitment support for automation and network delivery functions.
- Fostered a collaborative, high-performance work culture through proactive mentoring and structured capability development.
- Demonstrated leadership through integrity, accountability, and strong performance ethics across global projects.

■ Professional Experience

Automation SME – Ericsson Global India Ltd, Noida | Jul 2020 – Present

Architected and implemented automated workflows using Power Automate and VBA, reducing manual effort by 35%. Translated strategic transformation goals into operational plans and delivered end-to-end automation solutions. Managed telecom service contracts with consistent KPI improvement and enhanced customer satisfaction. Directed governance calls, dashboards, and executive reports through JIRA, ADQ, and AMB Portal. Led risk analysis, process re-engineering, and global service transformation initiatives. Mentored cross-functional teams, supported workforce planning, and promoted continuous skill development. Fostered a collaborative, ethical work culture focused on performance and accountability.

GSRC RAN Expert – Huawei India Ltd, Gurgaon | Dec 2015 – Jul 2020

Delivered RAN deployment and optimization solutions, including BSC/BTS configuration, software upgrades, and license management. Spearheaded multi-vendor site commissioning and LTE/NB-IoT/CA/MIMO integration projects. Conducted KPI analytics and RCA to enhance service performance and stability. Guided customer and internal teams, facilitating cross-functional coordination and process improvement.

RAN Manager – Alcatel-Lucent India Ltd, Gurgaon | Feb 2015 – Nov 2015

Managed NOC operations ensuring compliance with incident, problem, and change management. Designed SLA frameworks, risk matrices, and escalation procedures for service stability. Mentored engineers, optimized operational response time, and improved delivery standards.

Senior Engineer – Ericsson Global India Ltd, Kolkata | Nov 2012 – Feb 2015

Oversaw network KPI management, fault triage, and performance analysis for Huawei/Nokia systems. Led field team coordination and service improvement initiatives.

Senior Engineer – Nokia Siemens Networks, Noida | Dec 2010 – Nov 2012

Delivered end-to-end change delivery and patch management, supporting new BSS features. Executed BSC/RNC migrations, Node-B commissioning, and multi-vendor integration.

Senior Executive – Idea Cellular Pvt. Ltd, New Delhi | Oct 2008 – Dec 2009

Monitored network KPIs (HOSR, call drop, TCH availability) and managed migration tasks.

Early Career (2007–2008)

GNOC Engineer – Cadteck Consultancy; Graduate Engineer Trainee – RN Infra Communications Pvt. Ltd. (Telecom infra deployment, RF planning, network surveillance.)

■ Education

Bachelor of Technology (B.Tech) – Electronics & Communication
Krishna Institute of Engineering and Technology (U.P.T.U), Ghaziabad | 2007

■ Technical Skills & Toolset

Telecom: 2G/3G/4G/5G, RAN, NB-IoT, MIMO, Carrier Aggregation, KPI Analytics
Automation & Data Analytics: Power Automate, VBA, RPA, Power BI, SQL, Excel Macros
Cloud & DevOps: AWS (VPC, EC2, IAM, CloudWatch), JIRA, Confluence, ServiceNow
Frameworks & Methodologies: Agile, Scrum, PRINCE2, ITIL, Incident & Problem Management
Leadership & Collaboration: Workforce Planning, Risk Analysis, Stakeholder Engagement, Performance Management, Mentoring

■ Certifications

- AWS Certified Solutions Architect – Associate (AWS02556006)
- ITIL Foundation Certificate in IT Service Management (GR750336615AT)
- Scrum Master Certified (939217)
- PRINCE2 Practitioner Certificate in Project Management (GR634037865AT)
